

# COMPLETE 3D REAL ESTATE MARKETING

## *At Your Fingertips*

When we list your home, you benefit from a complete online marketing package designed to expertly showcase your home and elevate your listing high above the rest using the latest technologically advanced tools listed below:

MATTERPORT 3D VIRTUAL TOUR

ZILLOW 3D HOME TOUR

HIGH RESOLUTION PHOTOGRAPHY

2D SCHEMATIC FLOOR PLAN OF YOUR HOME

# HIGH RESOLUTION PHOTOGRAPHY

## WE HIGHLIGHT TOP FEATURES

Home buyers searching through hundreds of property listings tend to browse right past homes with blurry, poorly framed images and gravitate to those with eye-catching high quality imagery. Since our number one goal is to captivate the attention of potential buyers and keep visitors engaged with your listing, we make sure to employ stunning photography depicting the unique aspects of your home

**“We Create More Than A First Impression”**

## MATTERPORT 3D VIRTUAL TOUR

### 24/7 OPEN HOUSE EXPERIENCE

A specialized camera will be used to scan the inside of your home to create a completely interactive viewing experience. Potential buyers will have the chance to explore your home from their desktop, tablet, or phone anytime day or night in a fully immersive 24/7, open-door experience. We also create 360° images of key locations in your home directly from your 3D tour, perfect for sharing on social media.

# ZILLOW 3D HOME

## ZILLOW HOME MARKETING

We will also be creating a Zillow 3D Home tour for your listing. Zillow Listings with a 3D Home tour are labeled with a unique tag that helps them stand out from standard Zillow listings garnering more views and engaging a greater number of prospective home buyers.

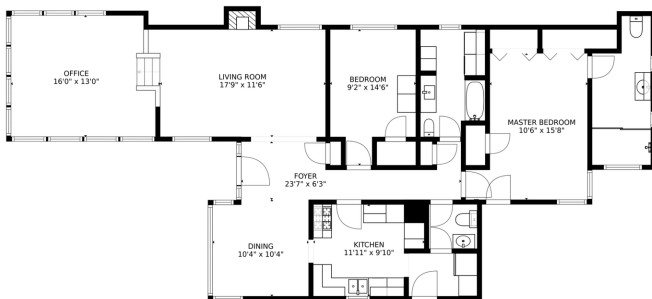

**“We Generate Anticipation In Home Buying”**

## 2D FLOOR PLANS

### LEAVE A LASTING IMPRESSION

Schematic Floor Plans are high quality, professional looking black-and-white floor plans generated from your 3D Virtual Tour. 2D Floor Plans are ideal for communicating the functional layout of your home to potential home buyers in an easy to read shareable format.
